

Features

- 8 The Holden Lightship & Its 2321cm Video Screen**
It's huge and it's flying to a sky near you – by Ross Tester
- 12 What's Happened To Electronic Advances In Cars?**
It's gadgets instead of efficiency and innovative engineering – by Julian Edgar
- 17 Excellence In Education Technology Awards**
And the winners are . . .
- 24 Bringing A Dead Cordless Drill Back To Life**
Don't throw that dead cordless drill in the bin. Here's how to repack the battery with fresh cells – by Ross Tester

Projects To Build

- 32 Cordless Power Tool Charger Controller**
Just repacked your cordless drill battery? Build this Charger Controller & never cook a Nicad battery pack again – by John Clarke
- 44 Build A Radar Speed Gun, Pt.2**
Second article has all the construction details & gives the check-out procedure – by Jim Rowe
- 66 A Heartbeat CPR Training Beeper**
It fits in the palm of your hand and provides audible timing beats for correct CPR – by Jim Rowe & Ross Tester
- 72 Super Speedo Corrector**
Swapped out the diff. or changed gearbox ratios? This easy-to-build circuit will get your speedo reading accurately again – by John Clarke & Julian Edgar
- 80 12/24V Auxiliary Battery Controller**
An auxiliary battery is a great idea for a campervan or 4WD if you're going bush. Build this device & avoid flattening your main battery – by Branko Justic
- 88 PICAXE Net Server, Pt.4**
Environmental temperature control via the Internet – by Clive Seager

Special Columns

- 39 Circuit Notebook**
(1) Mains Zero-Crossing Recovery; (2) Improved Vibrating Battery Tester; (3) CB Radio Beeper With Selectable Tones; (4) Remote Watering System
- 61 Serviceman's Log**
The 50-year-old AWA TV set – by the TV Serviceman
- 93 Salvage It!**
The good bits in microwave ovens – by Julian Edgar
- 98 Vintage Radio**
The AWA 976A hybrid car radio – by Rodney Champness
