

## Special Features

- 8 COMPETITION RESULTS:** Our 'Win a Dick Smith Uniden' competition has been run and won, and we now have four very happy new owners of these versatile HF transceivers. See how they won...
- 12 EQUIPMENT REVIEW — ICOM IC-W2A:** Icom's latest dual-band hand-held transceiver is quite a departure from Icom's past handies. Will the market accept the new rig? Tom Moffat, VK7TM, reports.
- 16 BUILD THE APC HF RECEIVER:** Here's an interesting construction project to build a quality single-band HF receiver, complete with full details and schematics. Another project from the renowned Harold Hepburn, VK3AFQ, with schematics by John Day, VK3ZJF.
- 31 BONUS LIFT-OUT: DIRECTORY AND MAP OF AUSTRALIAN REPEATERS:** Here's one to keep in the shack. This list covers all Australian HF, VHF and UHF repeaters, whether for voice or data. Listings by state and location, by call sign and by frequency.
- 46 ARA NOVICE THEORY COURSE — PART 16:** Sixteen months of learning... so has it paid off? In the last instalment of this popular series, find out how you'll fare in the *real* examination by comparing your answers to last month's test with our answers and explanations!

**Cover:** Here's the interesting new Icom IC-W2A hand-held transceiver — quite a few of them, actually. It's really two radios inside the one case, and offers new features to the brave. Read Tom's review which starts on page 12 for the details. Meanwhile, our multi-way review of the top-selling HTs will appear next month. See if you can work out where the IC-W2A stands in the pecking order.

Next issue out **August 6**. Classifieds deadline **July 19**.
